MOTIONAL – EMOTIONAL WELLBEING TOOL

Dear Parents and Carers,

You will see from today’s newsletter that we have recently purchased an online tool called Motional.

This online tool will support us in understanding the emotional learning of all the children in school in more detail, thus planning bespoke support as and when required to ensure that all children feel as safe, secure and happy as possible and can, in turn, flourish in all aspects of their development. Please see <https://motional.io/docs/information-for-parents/> for further information.

In order to use the tool effectively, we will need to store basic data about each child on the system. The data is only accessed for use by the staff working with your child. The system stores data securely and it is not shared with any third parties.

As this is a new system for us as a school, consent for its use was not included in our consent pack. Therefore, please could you complete the slip below and return in to school in mail bags by Friday 11th March so that we can get the programme up and running as soon as possible.

Thank you in anticipation.

Kind regards,

Mrs Martin

.....

Name of Child:

I give/do not give (please delete as appropriate) consent for my child’s data to be stored securely by Motional as part of the school’s work to support emotional wellbeing.

Signed: (Parent/Carer)
